**ADDITIONAL INFORMATION**

*"I just wanted to say thank you for all your hard work on Downton Abbey. It was a pleasure to work with you and congratulations for a very successful shoot. Your enthusiasm and energy in getting through the arduous schedule whilst keeping the atmosphere on set so upbeat was a triumph... I do hope we get the chance to work together again soon"* Producer **Nigel Marchant**

*"I've worked with Howard since 2003 and he is just a top First. He leads the team well and is a great peoples person, but knows when to crank things up if needed. He's a great scheduler with a fine eye for detail and will always have a plan when things don't go to plan! I suppose I only really appreciate him when I don't have him!"* Director **Brian Kelly**

*"As a producer you know that with Howard as your First you are in safe hands. He's an expert scheduler and a great team player who is a joy to have around."* Producer **Adam Kempton**

*"Howard is the First among equals, he has an appreciation of actors and understands what is difficult for them. He does the tough job sweetly."* **Maureen Lipman**

*"I recently worked with first assistant director Howard Arundel on "Castles In The Sky". Howard is a man of substantial experience, highly organised, calm and efficient. He is also a pleasure to have on set and relates well to all actors and crew. I have no hesitation in offering him a reference to any future director and in stating that he is an excellent choice as first."* Director **Gillies MacKinnon**

**SKILLS & TRAINING**

Fully experienced in all stunt work, special effects, working with animals and at sea.  
Health and Safety Executive Certificates, BBC Health and Safety Interactive Course,
