*"I have to say how much I thoroughly enjoyed working with Jamie recently on our last production of Line of Duty. Jamie took the weight of a very intense schedule on board at all times and never faltered in good mood or in pushing the schedule forwards. He was thoroughly supportive to me throughout and a team player in every regard. Personally, I can't tell you how very fond I am of him."*

**Cáit Collins, Producer**

*"We employed Jamie MacDermott on THIS BEAUTIFUL FANTASTIC. He came highly recommended having worked on many of Vertigo's films. I found Jamie to be highly organized and prepared. We had a grueling 24-day schedule and Jamie made it possible by managing the day-to-day and juggling to move scenes to keep the schedule on time. We actually wrapped an hour early on day 24! Jamie is also great fun to be around and helped make something stressful into fun, while managing relations between the cast, crew and production. He's a star and I'd recommend him to anyone."*

**Simon Aboud, Director**

*"Jamie MacDermott has worked on eleven films for Vertigo. The fact that he has worked on so many speaks volumes for the commitment, knowledge, passion and professionalism he brings with him to the set. I worked closely with him on BRONSON a film that was low on budget, short on time and high on ambition. He managed to juggle everything so that the director was happy; we kept to the schedule and brought the film in on budget. I'd highly recommend him."*

**Rupert Preston, Producer and Partner of Vertigo Films**

*"Jamie MacDermott has been the 1<sup>st</sup> AD on over ten of our films and he is brilliant. He's incredibly hard working, consistently on schedule and a wonderful team player. I would very highly recommend him for any production."*

**James Richardson, Producer**
