ADDITIONAL INFORMATION**BASES:** All over UK

Tutor/Technician at the Royal College of Art. BA (Hons) in Textile Design, MA (Hons) in Textile Design from the Royal College of Art. Costume Construction for films by Dave McKean: Madam Jo Jo's. Rod Jane & Freddie, The Magic Roundabout, Elvis, Alternative Miss World, Alas Smith & Jones.

*"It has been wonderful to work with Robert Lever as Costume Designer on Get Lucky. He has put together, on the tightest of budgets, a brilliant look for the show, which works perfectly with the design, lighting and our directors' vision. I found both Robert and his team a joy to work with and they have made my life very easy with their attention to detail both on the floor and with their paperwork. I do hope we get the chance to work together again soon." Producer **Nigel Marchant***

*"Robert is a very creative and collaborative Designer and is at ease with a large budget or a very tight one. We have always found him to be a team player, really understands character, and is brilliant at making cast of all levels of fame feel happy and secure in the look he creates for them. He also designed a pilot called Eggbox for us, and has done various other projects at Hat Trick and we would always have him on our list of preferred Designers. We would thoroughly recommend him to other Production Companies." Executive Producer Hat Trick Comedy, **Helen Williams***

*"I have worked with Robert Lever as Costume Designer on numerous productions with the most recent being the Feature Film Papadopoulos & Sons. Robert always approaches any production with passion and enthusiasm for the creative job at hand. He really takes the time to approach each character with care and his thoughts and ideas are incredibly original. He can work with budgets large and small and has an incredibly open and positive approach to working with Production. Robert is my first choice Costume Designer." Producer **Sara Butler***

*"Robert embraced the challenge of 'low budget' with invention and relish. Polly Stenham's first film as director required an eye for detail that supported and embellished the characters she'd created. Robert's wardrobe choice and management certainly helped both director and actors feel confident with the complex character development required." Producer **Adrian Bate***

*"I worked with Robert on 'The Last Days Of Lehman Brothers', a one hour drama for BBC4 and was delighted with his work. He was inventive and hardworking and managed to produce good looking costumes while remaining within a very small budget (as is typical for BBC4). He was always polite and pleasant to work with and had a good manner with the artists, which always helps to make a shoot go more smoothly" Line Producer **Joanna Gueritz***

*"I have worked on and off with Robert as Costume Designer for the last 15 years on all my projects which include feature films, short films and moving content for Broadway. I look forward to spending another 15 years (or more) working with Robert on future projects." Producer **Simon Moorhead***

*"Robert Lever has been dressing me for QI for more years than I can remember. He is a beloved and vital part of the QI family. He has an extraordinary eye, an unfailingly patient and loveable character and an amazing capacity to work and to imagine and to create and to combine. I have not the least hesitation in recommending him as a truly first class creative wardrobe, designer and professional. It gives me enormous pleasure to recommend him to you." **Stephen Fry***

"I have worked on several shows with Robert over the last 10 years and always found him to be a very inventive and responsible Costume Designer. He brings many suggestions and ideas to the production and will provide the best solutions including costumes from his own collection. Robert is a team player and will work together with other departments to the benefit of the show. I have been impressed with his team who never forget that the whole production is greater than the individual department; this is a reflection of Robert's overall attitude. Robert will always discuss any changes to a brief and therefore in regard to budget, there are never any nasty surprises.

*Overall, I would recommend Robert to anyone seeking an original, conscientious and good humoured Costume Designer." Producer & Line Producer **Jim Allan***
