"I have worked with Tyrone several times, most recently on Thirteen and Hard Sun. He is a great asset to any production, intelligent scheduler, great team player, good humored on set and quietly drives the unit allowing the director to concentrate on performance. Highly recommended!" Producer Hugh Warren

"Tyrone is and experience and likeable 1st AD. He is un-phased by tough situations and timescales, and always manages to carry the day with a smile on his face - at the same time as moving the floor and other departments with reliable determination. He is popular with the cast, and always appreciates other people's issues and timescales".
Producer Simon Meyers

"I've worked with Tyrone on many productions over the last 15 years. He always brings an excellent schedule to the table. When shooting he works well with the actors giving me maximum time to work with them. Weather it's working with multiple helicopters or in an interview room. He's an absolute asset to have. I wouldn't hesitate in recommending him to any shoot."
Director Jim Loach

Cont.

“Having worked with Tyrone on a few projects now, I have to say he is always top of my list when it comes to First AD’s. Firstly his scheduling is spot on and at times very clever. This leaves me time for the actors when required. He is an absolute vital asset on the floor. His communication with both cast and crew is fantastic. He commands respect but manages to keep everyone on side. When required he pushes the crew forward and is always calm. But he never pushes for the sake of completion. He understands that quality is always paramount. Thoroughly recommended”.
